Adult Craft

Button Flower Bouquet

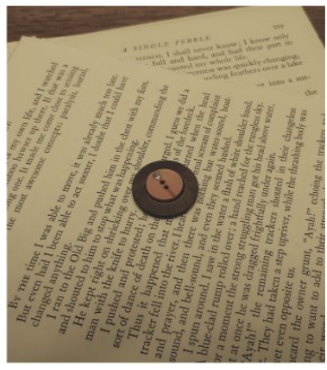

Materials:

- Buttons
- Wire
- Book Pages
- Glass Jar
- Ribbon
- Stones

1. Mix & Match your buttons into a combination

2. Sketch or use the stencil to make a flower in proportion to the buttons.

3. Repeat for each button, then cut them out.

4. Bend a wire in half and slide the ends through opposite button holes, on a smaller button.

5. Next, do the same with the the second button, or through the middle of your flower.

6. Slide everything down tight to the center of the wire.

7. Twist the wire as snug as you can to the base of the flower. **Needle nose pliers can be handy here.

Repeat for the next 2 flowers, and then use the stones to help position them.

Tie the ribbon around for a bit more color, if you wish!
